## SUMMARY

As an individual with a proven track record of dedication, strong work ethic, and determination, I am seeking an internship position to further my studies and abilities as a computer science student. Having worked in team-based environments for the last eight years, I have built on my strong ability to communicate with others, generate unique and interesting solutions, and solve difficult problems.

## EDUCATION

**Boise State University, School of Engineering**

**Anticipated Graduation December 2021**

Major: B.S. In Computer Science | GPA: 3.5

*Honors, Awards and Achievements:* College of Engineering Deans List

**Related Coursework:** Computer Science I, II, III, & IV Java Programming, Data Structures, Algorithms, Database Systems, Systems Programming, Parallel Programming(MPI, OpenMP, CUDA), Intro to Web Development, Agile Development, Version Control(GIT), Microprocessors, Navigating Computer Systems, Calculus I & II, Discrete Mathematics, Probability and Statistics, College Writing and Research, Fundamentals of Communication, Intro to Technical Communication

## PROFESSIONAL EXPERIENCE

**Rohner Spray Booths; Boise, ID**

**Web Developer**

**12/2020-Current**

- Designing and developing production management system to manage inventory, contracts, and related bill of materials
- Communicating directly with leadership to gather user stories, develop use cases, and manage product development
- Collaborating with team members to ensure timely delivery of product features, quality assurance, and product release

**Boise State University; Boise, ID**

**Student Learning Assistant**

**8/2019 – 12/2019**

- Improved individuals understanding of introductory programming concepts such as: variables, loops, Booleans, and lists in the python language
- Adapted to unique challenges of teaching programming to a person with visual impairments
- Facilitated communication between the student and professor to ensure all goals were met

**The Golf Club at Black Rock; Coeur D' Alene, ID**

**Golf maintenance Crew Member**

**2013-2020(Seasonal)**

- Worked closely with teams both as a leader and member to achieve daily maintenance tasks
- Learned complex skills quickly and carried out duties in a timely manner
- Communicated with course staff and members to ensure quality guest experiences
- Taught new employee's complex tasks through simple and easy to understand methods

## SKILLS

*Computer:* Java, C, MySQL, Object Oriented Programming, Test-Driven Development(JUnit), Version Control(Git), Unix system navigation, Black Box Testing, Exposure to: Python, Django, PHP, CSS, HTML, Javascript, Bootstrap

*Personal:* Interpersonal Problem-Solving, Communication, Organization, Dependability, Professionalism

## ACTIVITIES

*Volunteer:* Coeur D' Alene Special Olympics, Ironman Coeur D' Alene

*Member:* BSU Computer Science Club, A.I. Club, North Idaho College Philosophy Club

*Hobbies:* Traveling (Over eight months of travel in Asia and South America), Outdoors Recreation (Fly-fishing, skiing, and backpacking)
